Founder's Message

"This first year was not about waiting until everything was perfect — it was about taking the very first step with full heart and purpose."

Dear Changemakers,

When we founded Shail-Satya Foundation, we made a simple promise: to act. Not tomorrow. Not when conditions were perfect. Today.

This year, we established 8 libraries across UP and Bihar, conducted free health camps, and distributed books and Fundamental Duties booklets. But beyond the numbers, we built something more lasting — **trust. With communities, with schools, and with you.**

I want to take a moment to express my deepest gratitude to every volunteer who gave their time, every donor who trusted us with their resources, and every well-wisher who believed in this mission before it was visible to the world.
I sincerely hope you will continue to walk this path with us. The road ahead needs you just as much as it needs us.

Warm regards,

Pradeep Kr. Jha

Who We Are

Shail-Satya Foundation is a registered public charitable trust dedicated to creating equal opportunities for underprivileged children and families across India. Founded by Mr. Pradeep Kumar Jha and based in Varanasi, we work at the intersection of education, healthcare, constitutional awareness, and community empowerment.

Vision

Our vision is to create a just and compassionate society where every individual, regardless of background, has access to quality education, healthcare, and the opportunity to live with dignity. We strive to empower communities to lead change from within.

Mission

Our mission is to expand access to quality education through community libraries, promote health and well-being through camps and awareness programs, build informed communities through constitutional awareness, and empower individuals with skills and opportunities for a better future.

Four Pillars of Work

Education

School libraries, book distribution, learning resources

Healthcare

Free health camps, medicines, hygiene & mental health

Awareness

Constitution booklets, civic rights, workshops

Empowerment

Mentorship, youth skills, women empowerment

From the Ground

Financial Snapshot

Where the resources went · Year 1 · 2025–26

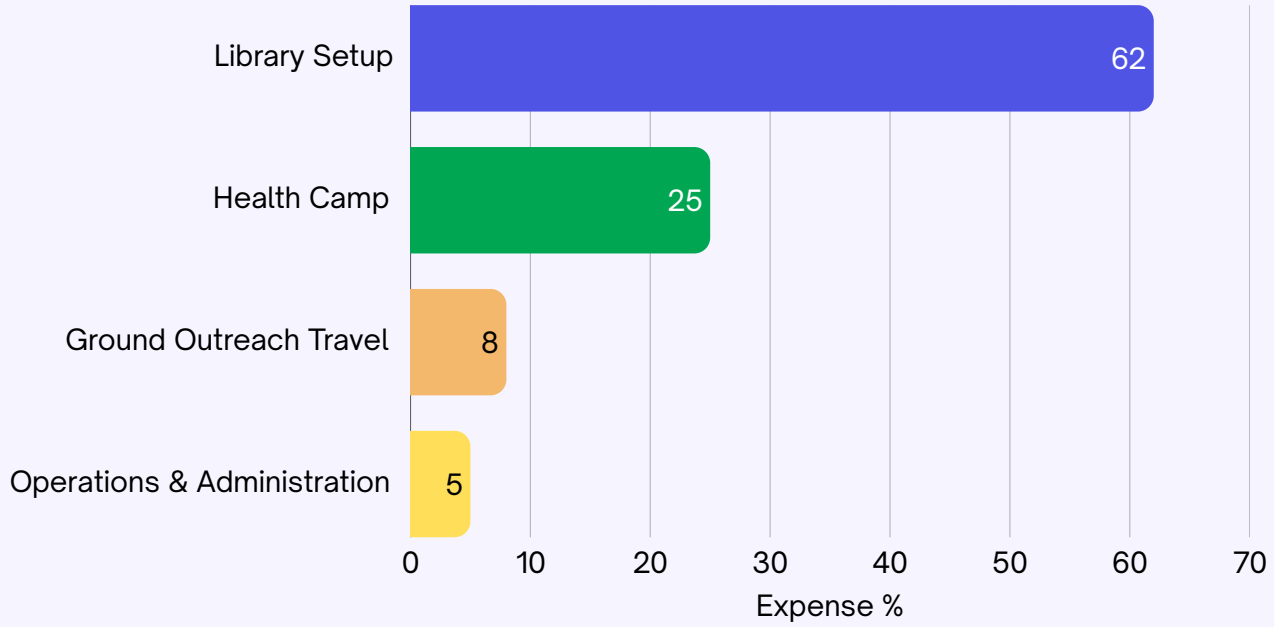
We believe in full transparency. Below is an honest summary of our Year 1 finances — simple, clear, and accountable.

Total Donations Received	Total Expenses (Year 1)
₹ 19,785*	₹ 75,000*

* Approx

> Year 1 deficit was covered by founder contribution — reflecting our commitment to act before we had everything.

Where the Money Was Spent



A Note on Year 1 Finances

Our first year was heavily founder-funded, reflecting our commitment to act rather than wait. Detailed financial records are maintained internally and available upon request. A formal external audit will be published from Year 2 onwards.

Challenges & Learnings

Our first year taught us more than any plan could have. We share these challenges not as shortcomings, but as proof that we showed up and kept going.

Challenges We Faced

Honest reflection makes us stronger. Here is what we learned on the ground in Year 1.

Reaching Remote Schools

Identifying and accessing government schools in remote areas of UP and Bihar required significant groundwork, local coordination, and multiple visits.

Building Community Trust

Trust is earned, not assumed. Early months required consistent presence before communities opened their doors to our programs.

Logistics & Resources

Transporting books, library materials, and medical supplies to distributed locations was both cost-intensive and time-consuming.

Key Learnings

- Local partnerships make the difference
- Start small, build deep community roots first
- Consistency matters more than scale in Year 1

"Challenges are not the opposite of progress — they are part of it."

Road Ahead

Our Vision for 2026–27

The foundation is laid. The communities trust us. The children are waiting. Now we build higher with more libraries, more workshops, more lives touched, and more states reached. The best of **Shail-Satya Foundation (SSF)** is still ahead.

25 Libraries - Scaling Dosti Kitabon Se

Phase 2 targets 25 libraries in government schools across UP, Bihar, and beyond giving thousands more children their first dedicated reading space.

Know Your Constitution Workshops

Taking civic awareness inside classrooms — structured workshops in government schools on Fundamental Rights, Duties, and constitutional values.

State Expansion

Moving beyond UP and Bihar — identifying new states where our library and health camp model can be replicated with local community partnerships.

Volunteer Programme

Launching a structured volunteer onboarding system — giving individuals, students, and corporates a clear way to contribute time and skills on the ground and over the social media.

Formal Financial Audit

Commissioning our first external financial audit — published as part of Annual Report 2026–27 for full donor transparency.

"Year 1 was about planting seeds. Year 2 is about watching them grow — wider, deeper, stronger."

Together for Change

Every library we built had hands behind it. Every child who picked up a book had someone who cared enough to make it possible. Every health camp had hearts that showed up.

That someone, those hands, those hearts — could be yours.

Join Shail-Satya Foundation as a donor, volunteer, or partner, and help us bring education, healthcare, and hope to those who need it most.
